Updated and Improved!

Come see what a beautiful remodeling job is *supposed* to look like. Infused with fresh, new energy, this home won't be on the market long. Overlooking spectacular Long Lake and featuring a delicate and intricate design, this property showcases a myriad of improvements. New Italian ceramic floors, cabinets and countertops in the kitchen and bathroom, new tile surrounding the jetted tub, new light fixtures, new carpet downstairs, and fresh paint throughout. The kitchen, living room, dining room, and 2 bedrooms provide attractive views of the lake. Entertaining guests? Sit out on the deck with the lake as a backdrop. Show them around and point out your front and back patios, new paint, new garage door, new roof and gutters, new windows, and tastefully landscaped yard.

Home ownership in this neighborhood also features Long Lake access via the South end of Shorewood Court; perfect for a fast, relaxing getaway alone or with the kids. On nearby Carpenter Road you'll also find a public beach with a swimming area, sand volleyball courts, Thurston County Fairgrounds, and a public boat launch. All these exciting possibilities, just moments from home.
